Its special formula minimizes the risk of damage, discoloration, or other undesirable effects, making it an ideal solution for cleaning in various home and professional environments.

Application method	
Aerosol	Yes
Canister	Yes

Usage instructions:

Restricted to professional users. Read safety data sheet carefully prior to use.

No matter what surface you want to clean, always make sure the device is turned off. Apply Label Killer to the selected area. Allow the product to work for about 3 minutes to effectively dissolve the glue and dirt. Then wipe the surface with a clean cloth, removing any remaining label and glue.

It is recommended to test the product on a small, inconspicuous area before use.
