

Microfibre cloth

An indispensable tool for maintaining the cleanliness of delicate surfaces. Thanks to its high-quality material, precise craftsmanship, and versatile application, it is an excellent choice for both professionals and home users. Its exceptional properties help ensure a streak-free and scratch-free finish.

Product features:

- ✓ high-quality material,
- ✓ versatile applications,
- ✓ streak-free and scratch-free,
- ✓ ergonomic size,
- ✓ easy to maintain in perfect condition.

Applications:

- ✓ laptops, monitors, computer cases,
- ✓ keyboards, mice, printers,
- ✓ phones, smartphones,
- ✓ copiers, scanners, fax machines,
- ✓ typewriters.

Physicochemical properties

Color	Red, lime, blue, grey, yellow
Dimensions	30 x 30 cm
Weight	220 g/m ²
Composition	80% polyester , 20% polyamide
Shelf life	No limitations

Compatibility:

The microfiber cloth is safe for screens, glass surfaces, plastics, and delicate electronic components, providing effective cleaning without the risk of scratches.

Application method	
Dry	Yes
Wet	Yes
With agents	Yes

Usage instructions:

For daily cleaning, gently wipe the surface with a dry cloth to remove dust and light dirt. For more stubborn contaminants, you can dampen the cloth with clean water or use dedicated cleaning agents:

- ✓ **Plastic cleaner:** Ideal for cleaning computer cases, keyboards, and other plastic components. Spray the cleaner onto the cloth, then gently wipe the soiled area to restore shine and cleanliness.
- ✓ **Glass cleaner:** Recommended for monitors, screens, and glass surfaces. Apply a small amount of cleaner to the cloth to remove streaks and dirt, achieving a crystal-clear finish.
- ✓ **LCD/TFT cleaner:** Specifically developed for delicate screens, it ensures safe and effective cleaning. Apply the cleaner to the cloth and gently wipe the screen, avoiding excessive pressure.

After cleaning, make sure all surfaces are dry. To prepare the cloth for reuse, rinse it in warm water or machine wash at a temperature of up to 60°C. Avoid using bleach, chlorine, and fabric softeners to maintain its absorbency and durability. The cloth can be reused multiple times, making it a practical and eco-friendly solution.

Package
Euro slot bag

5 pcs. (ART.AGT-257) - 1/20 pcs.*

*Quantity of pcs. in a bulk package.

Storage:

Store in dry, well-ventilated areas away from sources of heat and ignition, as well as direct sunlight.
