Explosive properties	Does not exhibit
Flash point	Does not exhibit
Shelf life	3 years

Compatibility:

SmartGel is completely safe for touchscreens, glass, and plastic surfaces. Its neutral formula prevents damage and discoloration, ensuring long-lasting protection for delicate surfaces.

Application method	
Atomizer	Yes
Mikrofiber	Yes

Usage instructions:

Restricted to professional users. Read safety data sheet carefully prior to use.

Spray the gel onto the screen or microfiber cloth. Gently wipe the surface, ensuring even distribution of the product. Thanks to the included ultra-soft microfiber cloth, cleaning is safe and effective. Wait until the screen is completely dry for a perfect result. Avoid excessive moisture on devices and do not apply gel directly to devices connected to power.

Package
Bottle with atomizer

250 ml (ART.AGT-256) - 12 pcs.*

*Quantity of pcs. in a bulk package

Storage:

Store in closed containers, in dry, well-ventilated areas.
